Cristina Liñero Azcarate 

Project Type:

Study mobility: for students who want to do work placement/ training/ apprenticeship abroad.

Description:

We are a Spanish vocational training School / College offering BTEC and NVQ courses. We would like to establish links with similar institutions interested in students exchange and / or sending – taking students under the European Programmes Leonardo and Erasmus. Our school offers the following courses: **Administration, Trade & Marketing, Information technology and communications, Mechanical manufacturing, Chemistry, Maintenance & Production services, Wood & Furniture, Physical and sporting activities.**

Our school is located in Gijón, a pretty city port in the North coast of Spain.

Type of institution: State vocational training School/ College.

School information:

CIFP La Laboral Sectores Industrial y de Servicios
